RECOGNITIONS/COMMENDATIONS

In the course of doing our jobs as Administrators and staff here in the Garfield Heights School District, we have all sorts of tasks. One of our favorites is introducing the “Top Ten” students. Although a high school student’s GPA is based on their four years in high school, they really start working toward this honor in kindergarten. The knowledge they gain and the work habits they form in elementary and middle school lay the solid foundation they need to achieve “Top Ten” status.

A few years ago, our “Top Ten” told us that although they achieved this honor through hard work, they had a little help. Obviously, their parents played a major role in molding them into fine, young adults. But they felt that their teachers played a big part too. Since we can’t recognize each and every teacher individually, we asked the students to choose that one “special” teacher that stood out in their memories. This is how “Roses for Teachers” was conceived.

Tonight, as we introduce our “Top Ten” for the Class of 2018 and tell you a little about each of them, we will also read a short essay that each student wrote about their memorable teacher. That essay was framed and will be presented as a plaque to that honored teacher.

Ms. Hager will now introduce our “Top Ten” and “Roses for Teachers”.

SUPERINTENDENT’S REPORT

Thank you, Mr. President.

On behalf of the entire administration, I want to commend the students of the Academic Top Ten. Your hard work, dedication, diligence and sacrifice pays off, when being recognized for an honor such as this. You represent all that can be accomplished as a high school student in the Garfield Heights City Schools. Your focus is to be commended. You are true Bulldogs. I want to also congratulate the parents and families of these students. In providing an ever-present support system, you have allowed your sons and daughters to blossom into successful students. Your partnership to create a stable and nurturing home environment and to reinforce the values that were being taught all along in the classroom is very much appreciated and is a clear contributing factor to the achievement of your children. Thank you to the parents. Finally, I congratulate the teachers who are being awarded roses tonight. Apart from supportive parents and families, your mentorship has facilitated the growth of these students and enabled them to accomplish all that we will hear tonight.

When such a powerful combination of student hard work, a supportive home environment and dedicated teachers come together... you have a finished final product like tonight’s Academic Top Ten. You have made the Garfield Heights City Schools very proud. Thank you to everyone, for your Bulldog Pride, and congratulations to all that you have accomplished.

BUSINESS ADVISORY COUNCIL TO THE BOARD

The Board shall appoint a Business Advisory Council whose membership and organization shall be determined by the Board.

The Board and council adopt and file with the Ohio Department of Education, **an annual** plan under which the council advises and provides recommendations to the Board on matters specified by the Board, including, but not necessarily limited to, the delineation of employment skills, the development of curriculum to instill these skills, changes in the economy and in the job market and the types of employment in which future jobs are most likely to be available. This council also makes suggestions for developing a working relationship among businesses, labor organizations and educational personnel.

The council meets with the Board at least quarterly. **The Board and council file a joint statement by March 1 each year describing how they have fulfilled their responsibilities.**

Meetings of the Business Advisory Council to the Board fall under the auspices of the Open Meetings Act (Sunshine Law).

NOTE: Each school district and educational service center (ESC) must establish a business advisory council except that a school district may enter into an agreement with their ESC to have the ESC business advisory council represent the businesses of the district. Joint vocational school districts are exempt from the requirement to establish a business advisory council under Ohio Revised Code 3313.82 and 3313.821.

~~*City districts, exempted village districts and educational service centers should refer to and cite Ohio Revised Code (RC) Section 3313.82.*~~

~~*The board and the council shall file a joint statement by March 1 of each year describing how the district and its council have fulfilled their responsibilities under RC 3313.82 and 3313.821.*~~

For the purpose of filing the required joint statement, the Ohio Department of Education recommends posting the statement on the district's website.

EMERGENCY MANAGEMENT AND SAFETY PLANS

The Board acknowledges that the safety and well-being of students and staff are high priorities. Although emergencies cannot be predicted, effective prevention and management strategies are used to minimize the effects of emergency situations arising in the District.

An emergency is defined as **a serious, unexpected, and often dangerous situation requiring immediate action** ~~an event~~ that threatens the actual safety and security of students, employees or visitors of the District or whose impact threatens the feeling of safety and security, both of which are detrimental to a positive learning environment. Emergencies **or hazards** include, but are not limited to, **an active shooter, hostage situations, bomb threats, bullying**, fire, natural disasters, medical emergencies, industrial accidents, suicide, death of a student or employee, acts of violence, trauma and terrorism.

Comprehensive Emergency Management and School Safety Plans and Drills Test

~~The Board directs the Superintendent/designee to prepare emergency/safety plans for use by staff and students. The plans are posted in each classroom and other areas accessible to staff and students.—~~

The Superintendent/designee develops a ~~The comprehensive emergency management plan meeting State law requirements for each building. The plan sets a~~ **establishes** protocols for addressing and responding to serious threats to the safety of the school property, students, staff, volunteers and visitors. Each protocol includes procedures deemed appropriate by the Board or governing authority for responding to threats and emergency events including, but not limited to, notification of appropriate law enforcement personnel, calling upon specified emergency response personnel for assistance and informing parents of affected students. **The plan includes a floor plan unique to each floor of the building, a site plan including all building property and surrounding property, and an emergency contact sheet. The plan is kept in a secure location and is not considered a public record.**

~~State law determines the type and number of drills the District must conduct in order to adequately prepare staff and students for emergency situations. Drills provide both students and staff with practice in responding to emergency conditions should such conditions occur.~~

A copy of each school building's current comprehensive emergency management plan ~~and blueprint~~ is filed with the Ohio Department of Education, the law enforcement agency that has jurisdiction over the school building and, upon request, the fire department and emergency medical service organization that serves the political subdivision in which the school building is located. The floor plan is used solely by first responders responding to an emergency in the building and is not a public record.

The administration reviews the plan annually, considering the most current information dealing with the subjects, as well as making relevant information about the plan known to the community. When the comprehensive emergency management plan is used, assessment of the way the emergency was handled is completed by the Board and the administration. Suggestions for improvement, if necessary, are solicited from all stakeholders.

Although the plan is reviewed annually, State law requires the District's comprehensive emergency management plan to be updated every three years and whenever a major modification to an individual school building requires changes in that building's procedures or whenever information on the emergency contact information sheet changes.

An emergency management test is conducted annually in accordance with State law.

Emergency Drills

The Board directs the Superintendent/designee to conduct all drills required by State law. Drills provide both students and staff with practice in responding to emergency conditions should such conditions occur. Plans are posted in each classroom and other areas accessible to staff and students where required by law.

DRUG TESTING FOR DISTRICT PERSONNEL REQUIRED
TO HOLD A COMMERCIAL DRIVER'S LICENSE

School bus drivers and others required to hold a commercial driver's license are subject to a drug and alcohol testing program that fulfills the requirements of federal and state regulations. The Board directs the Superintendent/designee to develop a school bus driver drug testing program in compliance with State and Federal laws and regulations.

DRUG TESTING FOR DISTRICT PERSONNEL REQUIRED TO HOLD A COMMERCIAL DRIVER'S LICENSE

School bus drivers and others required to hold a commercial driver's license (CDL) are subject to a drug and alcohol testing program that fulfills the requirements of federal regulations.

These regulations reflect several requirements of the federal drug testing regulations but are not intended in any way to modify or limit the procedures for drug and alcohol testing. District personnel must adhere to the detailed provisions of federal regulations in administering the District's drug and alcohol program. Districts must also adhere to State laws pertaining to drug and alcohol testing for drivers required to hold a CDL.

References to tests in these regulations include both drug and alcohol tests unless the context specifies otherwise. The terms drugs and controlled substances are interchangeable and have the same meaning. Testing includes the ~~standard seven-panel~~ Department of Transportation's **current drug testing requirements**, screen, which includes: ~~Cannabinoid (THC), amphetamines (and methamphetamines), cocaine, MDMA (ecstasy), opiates, heroin (6-Monoacetyl morphine) and phencyclidine (PCP).~~

Pre-Employment Tests

Prior to the first time a driver performs safety-sensitive functions for the District, a controlled substances test is administered.

The test is required of an applicant only after he/she has been offered employment. Employment is conditional upon the applicant receiving a negative drug test result.

An employee may be exempt from the pre-employment drug test if he/she has participated in a drug-testing program within 30 days prior to the application for employment. While participating in that program the employee must either have been tested for drugs within the last six months (from the date of application) or participated in a random drug testing program in the previous 12 months. The responsible administrator must be able to make all verifications required by law.

Post-Accident Tests

Prior to a driver operating a school bus, the District will provide the driver with necessary post-accident information, procedures and instructions, so that the driver will be able to comply with these requirements.

Alcohol and controlled substance tests are conducted in the time limits imposed by the federal regulations after an accident on any driver who:

1. was performing safety-sensitive functions with respect to the vehicle if the accident involved loss of human life and/or
2. received a citation under State or local law for a moving-traffic violation arising from the accident.

No driver involved in an accident may use alcohol for eight hours after the accident or until he/she undergoes a post-accident alcohol test, whichever occurs first.

If an alcohol test is not administered within two hours or if a drug test is not administered within 32 hours after the accident, the responsible administrator prepares and maintains records explaining why the test was not conducted.

Tests conducted by authorized federal, state or local officials fulfill post-accident testing requirements, provided they conform to applicable legal requirements and are obtained by the responsible administrator. Breath tests validate only the alcohol test and cannot be used to fulfill controlled-substance testing obligations.

The Board reserves the right to require any driver involved in an accident while on duty to undergo alcohol and controlled substance testing.

Random Tests

Alcohol and controlled substance tests are conducted on a random basis at unannounced times throughout the year. Random tests are conducted just before, during or just after the performance of safety-sensitive functions. Once notified of selection for drug testing, a driver must proceed immediately to a collection site to provide a urine specimen.

Drivers are selected by a scientifically valid random process, and each driver has an equal chance of being tested each time selections are made. All drivers, whether full-time or substitute, and other individuals who are certified to operate school buses and may be called upon to do so, will be included in the random pool. Individuals who are selected for a random test but who are not operating a school bus at the time of the selection will be passed over, and an alternate driver will be tested under the random draw. The number of bus drivers selected for random testing is in accordance with federal regulations.

Reasonable Suspicion Tests

Tests must be conducted when a properly trained supervisor or District official has reasonable suspicion that the driver has violated the District's alcohol or drug prohibitions. This reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech or body odors. The observations may include indications of chronic and withdrawal effects of controlled substances.

Alcohol tests are authorized for reasonable suspicion only if the required observations are made during, just before or just after the period of the workday when the driver must comply with alcohol prohibitions. If an alcohol test is not administered within two hours of a determination of reasonable suspicion, the appropriate administrator prepares and maintains a record explaining why this was not done. Attempts to conduct alcohol tests terminate after eight hours.

An alcohol test may not be conducted by the person who determines that reasonable suspicion exists to conduct such a test.

A supervisor or District official who makes a finding of reasonable suspicion must also make a written record of his/her observations leading to a reasonable-suspicion drug test within 24 hours of the observed behavior or before the results of the drug test are released, whichever is earlier.

In accordance with federal regulations, third party information may not be the only determining factor used to conduct reasonable suspicion testing.

Return-to-Duty Tests

A drug or alcohol test is conducted when a driver who has violated the drug or alcohol prohibition returns to performing safety-sensitive duties.

Employees whose conduct involved misuse of drugs may not return to duty in a safety-sensitive function until the return-to-duty drug test produces a verified negative result.

Employees whose conduct involved alcohol may not return to duty in a safety-sensitive function until the return-to-duty alcohol test produces a verified result that meets federal and District standards.

Follow-Up Tests

A driver who violates the drug or alcohol prohibition and is subsequently identified by a substance-abuse professional as needing assistance in resolving a drug or alcohol problem is subject to unannounced follow-up testing as directed by the substance-abuse professional in accordance with law. Follow-up alcohol testing is conducted just before, during or just after the time when the driver is performing safety-sensitive functions.

Records

Employee drug and alcohol test results and records are maintained under strict confidentiality and released only in accordance with law. Upon written request, a driver receives copies of any records pertaining to his/her use of drugs or alcohol, including any records pertaining to his/her drug or alcohol tests. Records are made available to a subsequent employer or other identified persons only as expressly requested in writing by the driver.

Notifications

Each driver receives educational materials that explain the requirements of the Code of Federal Regulations, Title 49, Part 382, together with a copy of the policy and regulations for meeting these requirements. Representatives of employee organizations are notified of the availability of this information. The information identifies:

1. the person designated by the Board to answer driver questions about the materials;
2. categories of drivers who are subject to the drug and alcohol testing requirements;
3. sufficient information about the safety-sensitive functions performed by drivers to make clear for what period of the workday driver compliance is required;
4. specific information concerning driver conduct that is prohibited;
5. circumstances under which a driver is tested for drugs and/or alcohol;
6. procedures that are used to test for the presence of drugs and alcohol, protect the driver and the integrity of the testing processes, safeguard the validity of test results and ensure that test results are attributed to the correct driver;
7. the requirement that a driver submit to drug and alcohol tests administered in accordance with federal regulations;
8. an explanation of what constitutes a refusal to submit to a drug or alcohol test and the attendant consequences;

9. consequences for drivers found to have violated the drug and alcohol prohibitions, including the requirement that the driver be removed immediately from safety-sensitive functions and the procedures for referral, evaluation and treatment;
10. consequences for drivers found to have an alcohol concentration of 0.02 or greater but less than 0.04 and
11. information concerning the effects of drugs and alcohol on an individual's health, work and personal life; external and internal signs and symptoms of a drug or alcohol problem; and available methods of intervening when a drug or alcohol problem is suspected including confrontation, referral to an employee assistance program and/or referral to administrative officials.

Each driver must sign a statement certifying that he/she has received a copy of the above materials.

The Board-designated administrator notifies a driver of the results of a pre-employment drug test if the driver requests such results within 60 calendar days of being notified of the disposition of his/her employment application.

The Board designee notifies a driver of the results of random, reasonable suspicion and post-accident drug tests if the test results are verified positive. The designee also tells the driver which controlled substances were verified as positive.

Drivers inform their supervisors if at any time they are using a controlled substance that their physician has prescribed for therapeutic purposes. Such a substance may be used only if the physician is familiar with the driver's medical history and has advised the driver that it will not adversely affect his/her ability to safely operate a commercial motor vehicle. The District may require additional written notification from the prescribing physician.

Enforcement

Any driver who refuses to submit to post-accident, random, reasonable-suspicion or follow-up tests is not allowed to perform or continue to perform safety-sensitive functions, and is ineligible to operate a school bus in the state. The Ohio Department of Education will be notified of the refusal to test.

A driver who in any other way violates District prohibitions related to drugs and alcohol receives from the Board designee the names, addresses and telephone numbers of substance-abuse professionals and counseling and treatment programs available to evaluate and resolve drug- and alcohol-related problems. The employee is evaluated by a substance-abuse professional who determines what help, if any, the driver needs in resolving such a problem.

File: EEACD-R

Any substance-abuse professional who determines that a driver needs assistance will not refer the driver to a private practice, person or organization in which he/she has a financial interest, except under circumstances allowed by law.

Before the driver is returned to safety-sensitive duties, if at all, the Board designee must ensure that the employee:

1. has been evaluated by a substance-abuse professional;
2. has complied with any recommended treatment;
3. has taken a return-to-duty drug and alcohol test with a result indicating an alcohol concentration level of less than 0.02 and
4. is subject to unannounced follow-up drug and alcohol tests. (The number and frequency of such follow-up testing is as directed by the substance-abuse professional and consists of at least six tests in the first 12 months following the driver's return to duty.)

In accordance with State law a driver may not operate a school bus when a drug or alcohol test indicates any measurable or detectable amount of a controlled substance.

NOTE: THIS IS A REQUIRED REGULATION

Districts should reference their negotiated agreement when determining whether to keep or remove the permissive language in this regulation.

NO TOBACCO USE ON DISTRICT PROPERTY BY STAFF MEMBERS

The Board has a duty to protect and promote the health and well-being of all students and staff. The Board is acutely aware of the serious health risks associated with the use of tobacco products, both to users and nonusers, and that most tobacco use begins by the age of 18. The Board recognizes that staff and school visitors serve as role models to students and, therefore, adopts this 100% tobacco-free District policy to endorse a healthy lifestyle and prevent tobacco use.

For the purpose of this policy, “tobacco” is defined to include any lighted or unlighted cigarette, cigar, pipe, bidi, clove cigarette, and any other smoking product, and spit tobacco, also known as smokeless, dip, chew and snuff, in any form.

For the purpose of this policy, electronic cigarettes are considered “tobacco.”

Tobacco Use Prohibited

No staff member or volunteer is permitted to smoke, inhale, dip or chew tobacco at any time, including non-school hours:

1. in any building, facility or vehicle owned, leased, rented or chartered by the District or
2. on school grounds, athletic facilities or parking lots.

No staff member or volunteer is permitted to smoke, inhale, dip or chew tobacco at any time, including non-school hours, at any school-sponsored event off campus.

Tobacco Advertisements and Promotions

Tobacco advertising is prohibited on school grounds, in all school-sponsored publications and at all school-sponsored events. Tobacco promotional items that promote the use of tobacco products, including clothing, bags, lighters and other personal articles, are not permitted on school grounds, in school vehicles or at school-sponsored events.

Providing Notice to Staff

“No Tobacco” signs will be posted throughout the District at entrances and other appropriate locations in all academic buildings, administrative spaces and athletic fields. District staff will be provided notice of this policy through staff handbooks. District vehicles will display the international “No Smoking” insignia.

Enforcement

Disciplinary measures taken against staff for violations of this policy comply with the requirements of State law, related District policies and regulations and/or the staff negotiated agreements.

Educational Reinforcement

Tobacco use prevention education is closely coordinated with the other components of the school health program. Staff responsible for teaching tobacco use prevention education have adequate pre-service training and participate in ongoing professional development activities to effectively deliver the education program.

Readers with questions about the application of the law to specific facts are encouraged to consult legal counsel familiar with the laws of their jurisdictions.

Districts are required to have smoke-free policies. This goes beyond and may be helpful to those districts choosing to go tobacco-free.

When determining disciplinary measures, districts should check negotiated agreements and may need to seek the advice of legal counsel.

Electronic cigarettes (e-cigarettes) have increased in popularity. These devices are not classified as tobacco and are not subject to the same restrictions as other forms of tobacco or cigarettes. Districts who want to add e-cigarettes to the definition of tobacco in this policy should review the provided permissive language. Districts may need to update postings to reflect the restrictions on the use of e-cigarettes.

ADMISSION OF HOMELESS STUDENTS

The Board believes that all school-aged students, including homeless students and unaccompanied youth, have a basic right to equal educational opportunities. Accordingly, the District must enroll each homeless student or unaccompanied youth in the District in the school determined to be in the student's best interest. **Enrollment is defined by the McKinney-Vento Homeless Assistance Act as attending classes and participating fully in school activities.**

A homeless student is defined as an individual who lacks fixed, regular and adequate nighttime residence including:

1. sharing the housing with other people due to loss of housing, economic hardship or a similar reason;
2. living in a motel, hotel, trailer park or campground due to the lack of alternative adequate accommodations;
3. living in emergency or transitional shelters;
4. abandonment in hospitals;
5. a primary nighttime residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings;
6. living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations or similar settings;
7. migratory students living in circumstances described above and
8. an unaccompanied youth who is homeless and not in the physical custody of a parent or guardian.

In compliance with the McKinney-Vento Homeless Assistance Act, the District must make school placement determinations on the basis of the best interest of the student. The District presumes that keeping the homeless child or youth in the school of origin is in the child or youth's best interest, unless doing so is contrary to the request of the student's parent or guardian, or the unaccompanied youth. When considering the school of best interest, the District considers student centered factors related to the homeless child or youth's best interest including factors related to the impact of mobility on achievement, education, health and safety of the child or youth and gives priority to the homeless child or youth's parent or guardian or the unaccompanied youth.

The District complies with a request made by a parent(s) regarding school placement regardless of whether the student lives with the homeless parent(s) or is temporarily residing elsewhere.

The Board ensures that:

1. it reviews and revises Board policies and regulations to eliminate barriers to the identification, enrollment, retention and success in school of homeless students including barriers to enrollment and retention due to outstanding fees or fines, or absences;
2. the District does not segregate homeless children or youth into separate schools or separate programs within a school, based on the student's status as homeless;
3. it appoints a District liaison, able to carry out their duties, who ensures that homeless students are identified and enroll and succeed in school and ensures the liaison is trained in compliance with law;
4. it provides training opportunities for staff on identifying and serving homeless students;
5. homeless children or youth are immediately enrolled even if the child or youth is unable to produce records normally required for enrollment such as previous academic records, records of immunization and other required health records, proof of residency or other documentation, or if the student has missed application or enrollment deadlines during any period of homelessness;
6. homeless children or youth are provided with education, nutrition and transportation services that are at least comparable to the services provided to nonhomeless students and
7. homeless students and unaccompanied youth meeting the relevant eligibility criteria do not face barriers to accessing academic and extracurricular activities including: magnet school; summer school; career and technical education; advanced placement; online learning and charter school programs.

The liaison carries out all duties required by law, ensures compliance with the subgrant and coordinates services for homeless students with local social service agencies and programs, including those funded under the Runaway and Homeless Youth Act.

A student who ceases to be homeless may continue to receive services until the end of the period of time for which the service was originally intended to be provided, which may be the end of the school year or the end of a program cycle.

Information about a homeless child or youth's living situation is part of the student education record and is not considered directory information.

The District complies with the Ohio Department of Education's Plan and State and Federal laws for the education of homeless students.

ODE MODEL LOCAL DISPUTE RESOLUTION PROCEDURE
ADMISSION OF HOMELESS STUDENTS
(Dispute Resolution Process)

If a dispute arises over eligibility, school selection or enrollment, the District will immediately enroll the child/unaccompanied youth in the school in which he/she is seeking enrollment, pending resolution of the dispute, including all appeals. Enrollment is defined by the McKinney-Vento Homeless Assistance Act as attending classes and participating fully in school activities.

1. District staff will refer the student, parent or guardian to the District liaison who will initiate the dispute resolution process as quickly as possible. The District liaison will make sure that the District follows the dispute resolution process. The liaison also must ensure that unaccompanied youth receive the same rights to appeal a district's eligibility, school selection or enrollment decision as parents and guardians. The role of the District liaison is to assist the student, parent or guardian through the duration of the dispute resolution process. The process will be open and transparent among those involved.

2. Upon determination of eligibility, enrollment or school selection, the District will provide a written explanation of any decisions made to parents, guardians or unaccompanied youth. The written explanation will be easy to understand and free of jargon. When appropriate, the District will translate the decision into the recipient's dominant language. At a minimum, the written explanation of how the District reached its decision regarding eligibility, school selection or enrollment will include:
 - A. A description of the action that the District proposed or refused;
 - B. An explanation of why the District proposed or refused the action;
 - C. A description of any other options the District considered;
 - D. The reasons why the District rejected any other options;
 - E. A description of any other factors relevant to the District's decision and information related to the eligibility or best interest determination. This includes the facts, witnesses and evidence relied upon and their sources;
 - F. Appropriate timelines to ensure any relevant deadlines are met;
 - G. Contact information for the District liaison and state homeless education coordinator and a brief description of their roles and
 - H. Notice to the recipient of their right to file an appeal, including step-by-step instructions of how to file an appeal.

3. The student, parent or guardian has the right to appeal any district determination of eligibility, school selection or enrollment. The District liaison will guide the student, parent or guardian through the entire dispute resolution process. The liaison will assist in both the local and state-level appeals process, if necessary. This includes recording evidence that will be used to write an appeal if a parent, guardian or unaccompanied youth cannot do so by him or herself and providing access to school materials, such as copiers and fax machines.
4. Following an appeal at the local level, if the student, parent or guardian still disagrees with the determination, they may appeal to the Ohio Department of Education (ODE). The District liaison will forward all written documentation and related documents to the ODE state coordinator for homeless education. Upon receipt of any requested documentation, the state coordinator for homeless education will investigate the dispute and request applicable documentation. ODE will make a decision within 15 school days from the receipt of all necessary materials and will provide the final decision to the District Superintendent, building principal, local liaison, and parent, guardian or unaccompanied youth. All parties must immediately adhere to the final determination.

(Approval date:)

*NOTE: All school districts are required to have a dispute resolution process. The language incorporated here is based on the Ohio Department of Education (ODE) model dispute resolution policy. While not required to appear in board policy, this regulation helps document the district's process to ensure compliance with requirements of the McKinney-Vento Homeless Assistance Act. **ODE also has developed forms that may be used for purpose of managing the dispute resolution process. Information and resources are available on ODE's homeless students web page.***

STUDENT ABSENCES AND EXCUSES

Regular attendance by all students is very important. In many cases, irregular attendance is the major reason for poor schoolwork; therefore, all students are urged to make appointments, do personal errands, etc., outside of school hours.

Reasons for which students may be excused include, but are not limited to:

1. personal illness of the student;
2. illness in the student's family **necessitating the presence of the child;**
3. needed at home to perform necessary work directly and exclusively for parents or legal guardians **for a limited period of time when approved by the Superintendent** (applies to students over 14 years of age only);
4. death in the family (**applies to absences of up to 18 school hours unless a reasonable cause may be shown for a longer absence**);
5. quarantine for contagious disease;
6. ~~religious reasons~~ **observance of religious holidays consistent with a student's truly held religious belief;**
7. traveling out of state to attend a Board-approved enrichment activity or extracurricular activity (applies to absences of up to 24 school hours) ~~or~~;
8. **college visitation;**
9. **absences due to a student's placement in foster care or change in foster care placement or any court proceedings related to their foster care status;**
10. **absences due to a student being homeless or**
- 11.8. as determined by the Superintendent.

Each student who is absent must immediately, upon return to school, make arrangements with his/her teacher(s) to make up work missed. Students who are absent from school for reasons not permitted by State law may, or may not, be permitted to make up work. Each case is considered on its merits by the principal and the respective teacher(s). Students are requested to bring a note to school after each absence explaining the reason for the absence or tardiness.

File: JED

The Board does not believe that students should be excused from school for vacations or other nonemergency trips. The responsibility for such absences resides with the parent(s), and they must not expect any work missed by their child to be retaught by the teacher. If the school is notified in advance of such a trip, reasonable efforts are made to prepare a general list of assignments for the student to do while he/she is absent.

The Board authorizes the Superintendent to establish a hearing and notification procedure for the purpose of denying a student's driving privileges if that student of compulsory school age has been absent without legitimate excuse for more than 60 consecutive hours during a school month or a total of at least 90 hours during a school year.

The student is required to make up all missed classroom assignments.

In addition, if the student will be out of the state for 24 or more consecutive school hours for a board-approved enrichment activity or extracurricular activity, a classroom teacher employed by the board must accompany the student to provide instructional assistance.

TOBACCO USE BY STUDENTS

The Board has a duty to protect and promote the health and well-being of all students and staff. The Board is acutely aware of the serious health risks associated with the use of tobacco products, both to users and nonusers, and that most tobacco use begins by the age of 18. Tobacco Use Prohibited

No student is permitted to smoke, inhale, dip or chew tobacco at any time, including non-school hours:

1. in any building, facility or vehicle owned, leased, rented or chartered by the District or
2. on school grounds, athletic facilities or parking lots.

No student is permitted to smoke, inhale, dip or chew tobacco at any time, including non-school hours, at any school-sponsored event off campus.

Additionally, no student is permitted to possess cigarettes, other tobacco products, papers used to roll cigarettes, lighters or other paraphernalia at any time.

Providing Notice

“No Tobacco” signs will be posted throughout the District at entrances and other appropriate locations in all academic buildings, administrative spaces and athletic fields. Students are provided notice of this policy through student handbooks. District vehicles will display the international “No Smoking” insignia. Announcements will be made during home athletic events both before the event and during intermission, as well as at all school functions where deemed appropriate. School programs will include a written reminder of the no tobacco use on District property policy.

Students and parents are given copies of the standards of conduct and statement of disciplinary sanctions, and notified that compliance with the standards of conduct is mandatory.

Enforcement

Disciplinary measures taken against students for violations of this policy comply with the requirements of Federal and State law and related District policies and regulations. Specific measures are outlined in the student code of conduct.

Educational Reinforcement

Tobacco use prevention education is closely coordinated with the other components of the school health program. Staff responsible for teaching tobacco use prevention education have adequate pre-service training and participate in ongoing professional development activities to effectively deliver the education program. Preparation and professional development activities provide basic knowledge about the effects of tobacco use and effects of peer pressure on tobacco use combined with skill practice in effective instructional techniques and strategies and program-specific activities.

Districts are required to have smoke-free policies. This goes beyond and may be helpful to those districts choosing to go tobacco-free.

House Bill 144 (2014) added alternative nicotine products and electronic cigarettes to the juvenile tobacco laws.

Disciplinary sanctions for tobacco use should be placed in the Student Code of Conduct.

NO TOBACCO USE ON DISTRICT PROPERTY

The Board has a duty to protect and promote the health and well-being of all students and staff. The Board is acutely aware of the serious health risks associated with the use of tobacco products, both to users and nonusers, and that most tobacco use begins by the age of 18. The Board recognizes that staff and school visitors serve as role models to students and, therefore, adopts this 100% tobacco-free District policy to endorse a healthy lifestyle and prevent tobacco use.

For the purpose of this policy, “tobacco” is defined to include any lighted or unlighted cigarette, cigar, pipe, bidi, clove cigarette and any other smoking product, and spit tobacco, also known as smokeless, dip, chew and snuff, in any form.

For the purpose of this policy, electronic cigarettes are considered “tobacco.”

Tobacco Use Prohibited

No volunteer or school visitor is permitted to smoke, inhale, dip or chew tobacco at any time, including non-school hours:

1. in any building, facility or vehicle owned, leased, rented or chartered by the District or
2. on school grounds, athletic facilities or parking lots.

Tobacco Advertisements and Promotions

Tobacco advertising is prohibited on school grounds, in all school-sponsored publications and at all school-sponsored events. Tobacco promotional items that promote the use of tobacco products, including clothing, bags, lighters and other personal articles, are not permitted on school grounds, in school vehicles or at school-sponsored events.

Providing Notice

“No Tobacco” signs will be posted throughout the District at entrances and other appropriate locations in all academic buildings, administrative spaces and athletic fields. District vehicles will display the international “No Smoking” insignia. Announcements will be made during home athletic events both before the event and during intermission, as well as at all school functions where deemed appropriate. School programs will include a written reminder of the no tobacco use on District property policy.

Enforcement

Citizens failing to comply with this policy are educated as to State law and the Board's policy on smoking. Persons refusing to extinguish smoking materials are directed to leave school property and may be fined by the Ohio Department of Health or its designees.

The following disciplinary actions may be taken against school visitors found in violation of this policy

removal from school property or, if off-campus, removal from school activity

Electronic cigarettes (e-cigarettes) have increased in popularity. These devices are not classified as tobacco and are not subject to the same restrictions as other forms of tobacco or cigarettes. Districts that want to add e-cigarettes to the definition of tobacco in this policy should review the provided permissive language. Districts may need to update postings to reflect the restrictions on the use of e-cigarettes.
