PRESENTATION

Dr. Continenza discussed the transition to the new state assessments and how those new assessments will lower test scores, make comparisons to prior assessments difficult, if not impossible, and how they will affect the State Report Card. The Report Card for 2014-15 will not be released until January 2016. He also shared results of the Third Grade Reading Guarantee tests and the Spring 2015 OGTs.

RECOGNITIONS/COMMENDATIONS

SUPERINTENDENT'S REPORT

Thank you Mr. Juby. The Garfield Heights City Schools is off to a strong start, and as I reported last month, students, teachers, support staff, bus drivers, secretaries, aides and custodians are all back to work to make our district the very best it can be. Two points of interest that I will share with the Board of Education this month include the practice evacuation drills and a recap of our Family Fun Night from last week.

First, a note about the evacuation drills. For the last several years, the Garfield Heights City Schools in partnership with the City of Garfield Heights *has practiced* the evacuation protocols outlined in our security plan in the event of an emergency, and we will do so again during the week of September 28, 2015. Each school building will practice their evacuation steps by boarding busses and by being transported to the high school, per our plan. I repeat, this is only practice. The High School will evacuate to Saint Peter and Paul church. Each day, a different school will practice their routine... one school each day, for five days. The schools have a strong team in place who has organized these practices and are working hand-in-hand with the Garfield Heights Police Department. Please be on the lookout for communications in the coming week about which building is practicing on which day. To summarize:

On Monday, September 28, 2015- Maple Leaf will host its drill at 9 a.m.

On Tuesday, September 29, 2015- Elmwood will host its drill at 9 a.m.

On Wednesday, September 30, 2015- the High School will host its drill at 1:30 p.m.

On Thursday, October 1, 2015- the Middle School will host its drill at 9 a.m.

On Friday, October 2, 2015- William Foster will host its drill at 9 a.m.

In the event of an emergency, the Garfield Heights City Schools WILL BE PREPARED, and I want to thank Dr. Gordon Dupree and the entire team of staff members which organizes this week.

Finally, the Stadium Club, which is a part of Citizens for Garfield Heights, our campaign organization, sponsored a Family Fun Night for elementary school parents before last Friday's Home Football game. Without questions, the loyalty and dedication of Garfield Heights families shined brightly, despite the rain that evening. At one point, more than 200 people were in attendance for games, food and other fun activities, to support this school district. Make no mistake, the Stadium Club's intent was to show people the need for a new football stadium... but in the process, everyone there that night became a stronger and more unified part of the Garfield Heights family. I am proud to be a Bulldog, the staff and organizations like GHTA, the Music Boosters and others are proud as well... and I know that families who participated in this first ever family fun night, are proud Bulldogs as well. It looks like this has the potential to become a yearly event. Thank you again, to everyone involved!

ESTIMATED REVENUES PERMANENT APPROPRIATION BUDGET MEASURE

Fiscal Year 2016

***ESTIMATED REVENUE/
PERMANENT APPROPRIATION (BUDGET) MEASURE
FY 2016***

The Fiscal Year 2016 Estimated Revenue/Permanent Appropriation Measure contains **Estimated Revenue/Resources** and requested/proposed **Permanent Appropriations /Budget Expenditures** for all funds of Garfield Heights City Schools.

Per the Ohio Revised Code, a permanent appropriation measure must be Board approved by September 30 of each fiscal year. Ohio law also prohibits an appropriation amount to be in excess of total available resources (beginning unencumbered balance + estimated revenues).

The permanent appropriation amounts requested for the General Fund are shown at the function level which is the second level of reporting in the Uniform School Accounting System (USAS). This category includes the following:

Instruction (1000) – Regular, Special, Vocational, Other

Support Services (2000) – Pupils, Staff, Board, Administration, Fiscal, Business, Operation and Maintenance of Plant, Transportation, Central

Community Services (3000)

Extracurricular Activities (4000)

Facilities Acquisition (5000)

Debt Service (6000)

Transfers, Advances, Refunds of Prior Year Receipts (7000)

Also shown are the General Fund budget totals for the third level of reporting which is at the object level:

Personal Services (100)

Employee Retirement and Insurance (200)

Purchased Services (400)

Materials/ Supplies (500)

Capital Outlay (600/ 700)

Debt Service (800)

Other Expenditures (800)

Other Financing Sources (900)

All other fund requested appropriations/ budgets are at the fund level which is the first level of reporting as stipulated under Ohio law.

GENERAL FUND

General Fund (001): This is the general operating fund of the district.

Estimated Revenues/Resources

At the end of FY15, the General Fund had a carryover unencumbered/unreserved balance of **\$842,835**. This is not to be confused with the ending cash balance. The unencumbered balance is used for budgetary purposes. Revenue for Fiscal Year 2016 is currently estimated to be **\$40,812,249**. Combined with the unencumbered balance, total estimated resources available to appropriate for the General Fund are estimated to be **\$41,655,084**.

Total Local Revenues includes the following:

Property Taxes (General and Public Utility Tangible Property): These amounts are based on latest financial forecast projections. However, the final valuation amounts will not be known until December 2015.

Other Tax is the amount of property taxes the district receives from City View TIF. This amount is based on the amount received in the prior fiscal year which was drastically reduced due to the City View valuation decrease.

Other Local Revenues (Interest income, Pay to Participate Fees, Tuition, Rental, and Miscellaneous): These sources are estimated to remain relatively the same as the prior fiscal year.

Total State Revenues are:

State Basic Aid amount is based on the funding model as approved in the latest biennial budget by the State Legislature. This includes both our Core and Economic Disadvantage formula amounts. Pupil transportation and special education state reimbursements are also included in this Foundation revenue amount.

Homestead/Rollback is based on a percentage of the real property taxes for qualified residential homeowners only.

Total Other Financing Sources is the return of advances made in the prior year.

Total Revenues are estimated to increase by only 3.4% from Fiscal Year 2015 actual amount received due to the increase in State Foundation funding and a projected decrease in the collection of delinquent taxes.

In breaking down our revenue sources: 39.2% comes from local sources with the majority being property taxes and 60% comes from the State of Ohio. The remaining .8% is from Other Financing Sources.

Permanent Appropriations/Budget

The proposed appropriations for the General Fund are built on a combination of requested amounts, expected costs in the various areas and anticipated budget needs for the various service areas and buildings.

Salaries and Wages/100 - \$22,384,200 (54.0%) The salary and wage amount shown reflects projected wages. This amount is based on the estimated salaries that will be earned by all employees who currently have contracts for the school year. In addition, the salary/wage amount includes projected estimates for incentives, substitutes, overtime, and any supplemental contracts. Lastly, all termination benefit (severance) payments are reflected here. The requested appropriated Salary and Wages amount is a .9% **increase** from FY15 actual.

Employee Retirement and Insurance/200 - \$8,219,450 (19.8%) Included here are the Board's incurred costs for retirement (14% of wages earned) and for Medicare on new employees hired after 1986 (1.45% of wages earned). Health insurance costs are also considered a fringe benefit. Health insurance premiums for medical, prescription, vision and life insurance are estimated to increase minimally in the aggregate for family coverage and single coverage. Workers' Compensation, which is based on a percentage of the payroll, is included as a fringe benefit. The Employee Retirement and Insurance requested appropriation amount is a 6.2% **increase** from FY15 actual.

Purchased Services/400 - \$7,613,745 (18.4%) The purchased service areas are costs incurred by the district for services provided by outside agencies, vendors, sources, etc. Areas where there is expected to be a significant increase are the Special Education Instruction (1200), Other Education (1900), Support Services-Instructional Staff (2200), and Support Services-Operation/Maintenance of Plant (2700). Grant funding has decreased for special education needs. Therefore, the General Fund will need to pick up the difference. The requested Purchased Service appropriation is a 8.3% **increase** from FY15 actual expenditures.

Supplies and Materials/500 - \$1,253,795 (3.0%) The administrative team has determined the material and supply needs for their buildings/departments. In addition, the district is still looking at purchasing new textbooks, however, we needed to scale this back thus causing the requested appropriated amount for Supplies and Materials to **decrease** 8.6% than was actually expended in FY15. However, this amount is still significantly higher than the May 2015 forecast amount.

Capital Outlay/600 - \$368,500 (0.9%) This is mainly for technology equipment that needs to be replaced due to outdated operating systems and testing requirements. While a substantial portion of this amount will be ERATED, we will not see this until the next fiscal year. While the requested appropriation amount for Capital Outlay is a 15.3% **decrease** from what was actually expended in FY15, it is significantly higher than the May 2015 forecast amount.

Facilities Acquisition/Debt Service/Lease Purchase - \$385,195 (.9%) This amount represents debt service payments for our two QZABs and the equipment lease purchase approved last year. Therefore, the requested appropriation amount reflects the obligation due this fiscal year.

Other Objects/800 - \$661,205 (1.6%) This amount represents dues and fees for professional organizations, state audit fees, county auditor/treasurer fees, contingencies, and liability insurance. Fiscal year 14 county fiscal officer fees saw a significant increase due to delinquent collections. These fees are estimated to decrease this fiscal year. All other areas, including state audit fees, are expected to decrease or remain the same. The requested appropriation amount for Other Objects is a 3% **increase** from FY15 actual.

Other Financing Uses/900 - \$550,000 (1.3%) includes transfers, advances, and refunds of prior year receipts. Transfers are expected to be needed for various grant funds to supplement their programming and to the athletic fund (300-926A). Any advance-out amount will be offset in the following fiscal year with an advance-in.

The total requested appropriation amount for the General Fund is \$41,436,090. This is a **2.8% increase** over prior year actual expenditures.

Note: The appropriated/budget amount does not mean that the whole amount will be needed. Events do take place during the school year that will not be anticipated. Therefore, revisions/amendments to the appropriated amounts may be necessary. The Board will be fully apprised when that situation occurs.

While revenues are anticipated to increase slightly and program expenditures are projected to increase slightly, the district **will** need to utilize its carryover cash balance from fiscal year 2015. This appropriation measure leaves the district with a minimal year-end balance.

Ohio law mandates that a district cannot appropriate more than total available resources. Total available resources are calculated by adding the beginning unencumbered balance and total estimated revenues.

BOND RETIREMENT FUND

Bond Retirement (002): A fund provided for the retirement of serial bonds and short term loans. All revenue derived from general or special levies, either within or exceeding the ten-mill limitation, which is levied for debt charges on bonds or loans, shall be paid into this fund.

The estimated revenue is the approved bond levy being assessed on the same valuations used for the General Fund. The principal and interest payment amounts appropriated are the amount of debt obligation being incurred by the district this fiscal year. An amortization schedule of annual debt service requirements has been established. The district has four debt issues that are paid from this fund: 2002 Bond Issue, 2006 Refunded Issue, 2012 Refunded Issue, 2015 Refunded Issue and the Energy Conservation Bond Issue.

The appropriation amounts for the Permanent Improvement (PI) funds are limited by the revenue generated from the PI levy. This amount is also estimated using the same property valuations for the General Fund. Also included here are lease-purchase payments for equipment in the Center for Performing Arts that mature in 2018.

CLASSROOM FACILITIES

Classroom Facilities Fund (010): A fund provided to account for monies received and expended in connection with contracts entered into by the school district and the Ohio Department of Education for the building and equipping of classroom facilities.

Classroom Facilities Maintenance Fund (034): A fund used to account for the proceeds of a levy for the maintenance of facilities.

As a requirement from the Ohio School Facility Commission, the district is required to set-a-side a half mill for classroom facilities maintenance. NOTE: *By July 1, 2013, the board of each district, in consultation with teachers employed by the board, must adopt a standards-based teacher evaluation policy that conforms with the Ohio Department of Education (ODE) framework for evaluation of teachers developed under Ohio Revised Code Section (RC) 3319.112. The requirements of the RC prevail over any conflicting bargaining agreement entered into on or after September 24, 2012.*

Districts that receive Race to the Top (RttT) funds should follow the teacher evaluation time line and guidelines set forth in their scopes of work.

Districts not receiving RttT funds whose bargaining agreement was entered into on or after September 24, 2012 must implement this policy by the 2013-2014 school year. Districts who entered into a bargaining agreement prior to September 24, 2012 must implement the evaluation system at the expiration of that bargaining agreement.

Fifty percent of the teacher's evaluation must be based on student growth measures. Student growth must be based on multiple measures, including value-added data where it is available. Local boards of education may administer assessments chosen from the ODE assessment list for teachers of subjects where value-added scores are not available, and/or local measures of student growth using state-designed criteria and guidance. The multiple measures designated by the board for teachers may vary based on subject level and grade taught and should be determined at the district level. The board-determined measures should be consistent for teachers teaching the same subject and/or grade level. The remaining 50% of the evaluation is based on teacher performance measured by the Ohio Standards for the teaching profession.

Evaluations conducted pursuant to these requirements must be carried out by a person who holds a credential established by ODE. The board adopts a list of approved credentialed evaluators chosen from the ODE's list.

House Bill 362 provides districts with the option of an alternative evaluation framework. For the 2014-2015 school year, districts may elect to evaluate based on 42.5% student academic growth and 42.5% teacher performance. The remaining 15% measure must come from a choice of one of the following: student surveys, teacher self-evaluations, peer review evaluations or student portfolios.

For the 2015-2016 school year, districts may elect to evaluate based on 42.5% - 50% student academic growth and 42.5% - 50% teacher performance. The measures must be equal. The remaining percentage must come from a choice of one of the following: student surveys, teacher self-evaluations, peer review evaluations or student portfolios. ODE must compile a list of approved

instruments for evaluating the components of the remaining percentage for district use beginning with the 2014-2015 school year.

Districts may choose to evaluate teachers receiving effectiveness ratings of Accomplished on their most recent evaluations every ~~two~~ three years and teachers receiving effectiveness ratings of Skilled on their most recent evaluations every two years. If the district chooses to do this, policy language should be included. Districts may choose to place limits on this language, for instance, limiting to only teachers on continuing contracts or teachers not in the last year of a limited contract. Districts should consult with board counsel when making this determination.

Districts may choose to evaluate teachers receiving effectiveness ratings of Accomplished on the most recent evaluations through one formal observation and the completion of a board-approved project. If the district chooses to do this, policy language should be included.

Beginning with the 2014-2015 school year, boards also can elect to not evaluate teachers who: 1) were on leave for 50% or more of the school year as calculated by the board or 2) have submitted a notice of retirement that has been accepted by the board no later than December 1 of the school year in which the evaluation would have been conducted.

Boards are required to use teacher evaluation results for promotion and retention decisions and for removing poorly performing teachers. These procedures are required to appear in board policy, but will be unique to each district. Boards should develop these procedures with district administrators and adopt them into board policy as a regulation, which should be coded as GCN-1-R (also AFC-1-R).

Boards are required to allocate financial resources to support professional development. While ODE's model policy suggests that the allocation should appear in board policy, neither the law nor the framework requires the addition of such specific language. Boards wishing to do so may include the allocation of financial resources in the regulation language.

THIS IS A REQUIRED POLICY

CAREER-TECHNICAL EDUCATION

The schools should provide education that is pertinent to the practical aspects of life and prepares students to make the transition from the school setting to the world of work. Therefore, the Board supports the inclusion of career-technical education in the basic curriculum.

Career-technical education is a program that enables each student to gain career awareness and to explore career opportunities in all fields so that he/she can make informed decisions about his/her future occupations.

The Board charges the administration with the responsibility for implementation of the career-technical education program in the schools.

Career-technical education is a concept that can be taught in the classroom at all grade levels. ~~At the secondary level,~~ **In grades seven through 12**, it specifically incorporates career exploration, career guidance and career-technical education opportunities. The latter are designed to equip students to enter postsecondary occupational education programs and/or specific occupations directly from high school.

Career-technical education is available as an integral part of the curriculum at the secondary level. It is geared to technological and economic conditions and changes, and, as a core component of comprehensive education, shares with other aspects of the high school curriculum the purpose of development of character, attitudes and skills. Guidance and counseling services are provided to each student throughout his/her program.

In an effort to meet the changing needs of the global, high-tech workforce, the Ohio Administrative Code provides a list of educational programs that may be offered to secondary high school students, adults, postgraduates and others desiring to obtain necessary workforce skills.

The educational program is administered by the career-technical programs director.

Fees are **may be** charged to students, as established by the Board, to pay for materials they use in these courses and programs.

INTERSCHOLASTIC EXTRACURRICULAR ELIGIBILITY

The Board recognizes the value of interscholastic extracurricular activities for students in grades 7-12 as an integral part of the total school experience. Since participation in interscholastic extracurricular activities is a privilege and not a right, students are expected to demonstrate competence in the classroom as a condition of participation.

Interscholastic extracurricular activities are defined as school-sponsored student activities involving more than one school or school district.

(Select one of the following two paragraphs.)

The Board prohibits students in grades 9-12 from participating in interscholastic extracurricular activities if they receive a failing grade in the previous grading period.

The Board permits students in grades 9-12 to participate in interscholastic extracurricular activities if they receive a failing grade in the previous grading period.

As a condition for the privilege of participating in interscholastic extracurricular activities, a student must have attained a minimum grade-point average of ___ on a 4.0 grading scale.

In addition, students participating in any program regulated by the Ohio High School Athletic Association must also comply with all eligibility requirements established by the Association. In order to be eligible, a high school student must have passed a minimum of five one-credit courses or the equivalent, that count toward graduation, in the immediately preceding grading period. The five courses may be a combination of high school and college courses.

A student enrolled in the first grading period of the ninth grade after advancement from the eighth grade must have passed a minimum of five of all subjects carried the immediately preceding grading period in which the student was enrolled in the eighth grade.

A student enrolling in the seventh grade for the first time will be eligible for the first grading period regardless of the previous academic achievement. Thereafter, in order to be eligible, the student in grade seven or eight must be currently enrolled in school the immediately preceding grading period, and received passing grades during that grading period in a minimum of five of those subjects in which the student received grades.

Failure to comply with the grading period eligibility requirements results in extracurricular interscholastic ineligibility for the succeeding grading period.

RELEASED TIME FOR RELIGIOUS INSTRUCTION

The Board permits students to be released from school for religious instruction consistent with law. Absence during the school day for religious instruction is permitted, provided:

1. the student's parents or guardians submit a written request to the building principal; ;
2. the private entity providing instruction maintains attendance records and makes them available to the District and
3. the student is not absent from core curriculum subject courses.

The District is not responsible for transportation to and from the place of instruction. Regular classroom instruction missed as a result of a student's absence for religious instruction will not be made up and students assume responsibility for any missed schoolwork. The District neither aids, assists or enforces attendance in a religious instruction program, nor discriminates against students who participate in such program.

Individuals providing religious instruction are not permitted to promote student participation by directly contacting students on school premises or by encouraging students in the program to recruit their friends. All promotional activities for such instruction must be conducted off school grounds.

NOTE:

House Bill 171 (2014) enacted Ohio Revised Code 3313.6022 specifying the conditions under which a board may adopt a policy on released time for religious instruction. Districts also may choose to add language to this policy authorizing high school students to earn elective credit toward graduation through released time courses, provided statutory requirements are met when evaluating the course for credit. The decision to award credit for a released time course of religious instruction must be neutral to, and cannot involve any test for religious content or denominational affiliation. Districts should work with board counsel to implement such programs.

CURRICULUM DEVELOPMENT

Continuing curriculum study and development are necessary in order to ensure that the District meets the needs of the students in its schools.

Curriculum planning is based on the educational philosophy and goals approved by the Board. Specific objectives are developed by the staff and input from parents, community members and other stakeholders is considered by the Board. Such planning must also take into consideration the legal requirements for students in basic subjects.

To ensure improved instruction as a result of curriculum changes, there must be close coordination between new curriculum development and current instruction – program and process – and their evaluation. There must be coordination across subject areas and articulation of programs between grade levels. Implementation of new or revised curriculum must be closely coordinated with staff development programs.

The Superintendent/designee is responsible for authorizing curriculum studies and for establishing curriculum councils and advisory committees as needed.

The Board expects all professional staff to work together in evaluating the educational program and recommending additions and changes in courses, programs and instructional approaches. All staff members have a professional obligation to the educational program, including responsibility for working on curriculum committees. The professional staff is expected to play an active role in curriculum development.

The Superintendent/designee provides the Board with reports on the curriculum and on the work of curriculum committees and recommends courses and programs for adoption by the Board.

CURRICULUM ADOPTION

An effective curriculum requires continuous development, implementation, evaluation and improvement. The Board expects the professional staff to implement courses of study that promote the educational goals of the District and comply with legal requirements.

Legal responsibility for adoption of curriculum resides with the Board. The Board assigns responsibility for curriculum development to the Superintendent. The Board considers and acts on new courses and programs as recommended by the Superintendent. It officially approves courses of study for all subjects as required by State and Federal law.

The Superintendent supervises the evaluation of the curriculum. Courses of study are reviewed and updated as needed. After evaluation, courses of study are presented to the Board for adoption or re-adoption. The Board may initiate studies of prospective new courses and curriculum revisions.

Board Resolution #2015-20 to Waive career technical education requirements at the
middle grades

For the 2015-16 school year, be it resolved that the Garfield Heights Board of Education does hereby waive the requirement by the Ohio Department of Education to provide a career technical education (“CTE”) program in the middle grades. These grades are exclusively 6th, 7th, and 8th grades.

WHEREAS, public schools have been the hallmark of the American education system and the foundation of the nation's democracy; and

WHEREAS, Ohio's schools have traditionally been governed by an elected board of education whose members have been chosen by their fellow community members to make sound decisions about educating their community's children and to determine the most effective use of local tax dollars in pursuit of that goal; and

WHEREAS, the 2010 appointment of an academic distress commission in the Youngstown City Schools and the recent restructuring of that commission to function under a CEO appointed by individuals who may reside outside the Youngstown community — as opposed to being named by those who best know that community — has set aside the ability of the elected board of education to exercise its governing authority; and

WHEREAS, those restructuring changes were contained in a last-minute amendment to House Bill 70, which the Ohio General Assembly passed without any serious input from the Youngstown City Board of Education or Youngstown community; and

WHEREAS, this amendment was adopted by Columbus-based legislators with little or no connection to the Youngstown community and without any genuine effort to engage those most affected by the action; and

WHEREAS, this legislation lays the groundwork for the same restructuring changes to take place in other districts across the state

THEREFORE, BE IT RESOLVED, that we, the elected members of the Garfield Heights School District Board of Education, on behalf of the children and community we serve, do object and protest the manner in which this legislation was passed and question how district reforms and improvements can be achieved without involving and engaging the elected board of education and Youngstown community; and

BE IT FURTHER RESOLVED, that we ask the state superintendent of public instruction, as the manager of the academic distress commission process, to take appropriate steps to engage the elected board of education and community in the school improvement process prior to appointment of the new CEO; and

BE IT FURTHER RESOLVED, that we implore members of the Ohio General Assembly, the State Board of Education, and Gov. John R. Kasich to seek amendments to House Bill 70 and the academic distress commission procedures that will preserve and enhance democracy and local control; and

BE IT FURTHER RESOLVED, that such amendments should embrace the original intent of House Bill 70: to foster community engagement and collaboration and to create community learning centers to better serve Youngstown's children and families; and

BE IT FURTHER RESOLVED, that the Garfield Heights Board of Education hereby adopts this resolution and directs the district treasurer to reflect this action in the board of education's meeting minutes and that copies be distributed to the governor, members of the Ohio General Assembly and State Board of Education and state superintendent of public instruction.
