Per the Ohio Revised Code, a permanent appropriation measure must be Board approved by September 30 of each fiscal year. Ohio law also prohibits an appropriation amount to be in excess of total available resources (beginning unencumbered balance + estimated revenues).

The permanent appropriation amounts requested for the General Fund are shown at the function level which is the second level of reporting in the Uniform School Accounting System (USAS). This category includes the following:

All other fund requested appropriations/budgets are at the fund level which is the first level of reporting as stipulated under Ohio law.

## **GENERAL FUND**

**General Fund (001):** This is the general operating fund of the district.

### **Estimated Revenues/Resources**

At the end of FY13, the General Fund had a carryover unencumbered/unreserved balance of **\$282,616**. This is not to be confused with the ending cash balance. The unencumbered balance is used for budgetary purposes. Revenue for Fiscal Year 2014 is currently estimated to be **\$35,864,900**. Combined with the unencumbered balance, total estimated resources available to appropriate for the General Fund are estimated to be **\$36,147,516**.

**General Property Tax** is based on current financial forecast projections. The final valuation amounts will not be known until December 2013. The **Public Utility Tangible Property** tax is also based on current financial forecast projections as the final valuation will also not be known until December 2013. The **Other Tax** is the amount of property taxes the district receives from City View TIF. This amount is based on the amount received in the prior fiscal year which was reduced due to the City View valuation decrease.

**Interest income** is expected to remain the same from the previous fiscal year. A major portion of the interest income is from available cash to invest. The **Pay to Participate Fees** are estimated to be consistent with the amounts from last year. These fees will cover a portion of the cost of coaches and transportation. **Tuition, rental income, and miscellaneous revenues** are estimated to remain relatively the same as the prior fiscal year.

The **State Foundation** amount is based on current funding model as approved in the latest biennial budget by the State Legislature. Pupil transportation and special education state reimbursements are also included in this Foundation revenue amount. **Homestead/Rollback** is based on a percentage of the real property taxes for residential homeowners only. Lastly, the **Other Financing Sources** is the return of advances made in the prior year.

**Total Revenues are estimated to increase by 3.6% from Fiscal Year 2013 actual amount received due to the increase in State Foundation funding.**

**In breaking down our revenue sources: 41.8% comes from local sources with the majority being property taxes and 57.3% comes from the State of Ohio. The remaining .9% is from Other Financing Sources.**

## **Permanent Appropriations/Budget**

The proposed appropriations for the General Fund are built on conservative expected costs in the various areas and anticipated budget needs for the various service areas and buildings.

**Salaries and Wages/100 - \$20,713,000 (57.4%)** The salary and wage amount shown reflects projected wages. This amount is based on the estimated salaries that will be earned by all employees who currently have contracts for the school year. In addition, the salary/wage amount includes projected estimates for incentives, substitutes, overtime, and any supplemental contracts. Lastly, all termination benefit (severance) payments are reflected here. The requested appropriated Salary and Wages amount is a 3.8% **increase** from FY13 actual.

**Employee Retirement and Insurance/200 - \$7,079,000 (19.6%)** Included here are the Board's incurred costs for retirement (14% of wages earned) and for Medicare on new employees hired after 1986 (1.45% of wages earned). Health insurance costs are also considered a fringe benefit. Health insurance premiums for medical, prescription, vision and life insurance are estimated to increase for a 9% change in the aggregate for family coverage and single coverage. Workers' Compensation, which is based on a percentage of the payroll, is included as a fringe benefit. The Employee Retirement and Insurance requested appropriation amount is an .8% **decrease** from FY13 actual.

**Purchased Services/400 - \$5,936,700 (16.5%)** The purchased service areas are costs incurred by the district for services provided by outside agencies, vendors, sources, etc. Areas where there is expected to be a significant increase are the Special Education Instruction (1200), Other Education (1900), and Support Services-Instructional Staff (2200). Grant funding has decreased for special education needs. Therefore, the General Fund will need to pick up the difference. In addition, the Community School obligation is also expected to increase significantly. The requested Purchased Service appropriation is a 5% **increase** from FY13 actual expenditures.

**Supplies and Materials/500 - \$866,500 (2.4%)** The administrative team has determined the material and supply needs for their buildings/departments. However, there are curriculum and testing areas that need additional instructional supplies along with the elimination of student fees in Grades K-8 thus causing the requested appropriated amount for Supplies and Materials to have an **increase** 6.3% than was actually expended in FY13.

**Capital Outlay/600 - \$65,000 (0.2%)** This is equipment needed for instruction, special education, technology, maintenance, replacement vehicles, and for needed renovations/maintenance projects on our buildings and grounds. A majority of the new and replacement equipment and projects will be done through the Permanent Improvement Fund and the Classroom Facilities Maintenance Fund. The requested appropriation amount for Capital Outlay is a 15.8% **increase** from what was actually expended in FY13.

**Debt Service/Lease Purchase - \$283,000 (.8%)** This amount represents debt service payments for our two QZABs. The HVAC lease purchase from the high school project has been paid off. The requested appropriation amount has **no change** from FY13 actual.

**Other Objects/800 - \$576,500 (1.6%)** This amount represents dues and fees for professional organizations, state audit fees, county auditor/treasurer fees, contingencies, and liability insurance. The county auditor/treasurer fees have continued to increase each year. Therefore, these fees are estimated to increase this fiscal year. However, all other areas, including state audit fees, are expected to decrease or remain the same. The requested appropriation amount for Other Objects is a 1.8% **decrease** from FY13 actual.

**Other Financing Uses/900 - \$550,000 (.3%)** includes transfers, advances, and refunds of prior year receipts. Transfers are expected to be needed for various grant funds to supplement their programming and to the athletic fund (300-926A).

The total requested appropriation amount for the General Fund is \$36,069,700. This is a **3.1% increase** over prior year actual expenditures. **The appropriated amounts do not mean that the whole amount will be needed. Events do take place during the school year that will not be anticipated. Therefore, revisions/amendments to the appropriated amounts may be necessary. The Board will be fully apprised when that situation occurs.**

While revenues are anticipated to increase slightly and program expenditures are projected to increase slightly, the district **will** need to utilize its carryover cash balance from fiscal year 2013. This appropriation measure leaves the district with a minimal year-end balance.

**Ohio law mandates that a district cannot appropriate more than total available resources. Total available resources are calculated by adding the beginning unencumbered balance and total estimated revenues.**

## **BOND RETIREMENT FUND**

**Bond Retirement (002):** A fund provided for the retirement of serial bonds and short term loans. All revenue derived from general or special levies, either within or exceeding the ten-mill limitation, which is levied for debt charges on bonds or loans, shall be paid into this fund.

The estimated revenue is the approved bond levy being assessed on the same valuations used for the General Fund. The principal and interest payment amounts appropriated are the amount of debt obligation being incurred by the district this fiscal year. An amortization schedule of annual debt service requirements has been established. The district has four debt issues that are paid from this fund: 2002 Bond Issue, 2004 Refunded Bond Issue, 2006 Refunding Issue and the Energy Conservation Bond Issue.

The appropriation amounts for the Permanent Improvement (PI) funds are limited by the revenue generated from the PI levy. This amount is also estimated using the same property valuations for the General Fund. The PI fund shows requested appropriated amounts for building maintenance and improvement projects and technology equipment to be purchased for this school year. Also included here are lease-purchase payments for equipment in the Center for Performing Arts that mature in 2018.

## **CLASSROOM FACILITIES MAINTENANCE FUND**

**Classroom Facilities Maintenance Fund (034):** A fund used to account for the proceeds of a levy for the maintenance of facilities.

As a requirement from the Ohio School Facility Commission, the district is required to set-a-side a half mill for classroom facilities maintenance.
