## SUPERINTENDENT'S REPORT

For tonight's report to the Board of Education, I want to begin by saying that expectations couldn't be higher for the start of the school year. There has been a great deal of change in the last twelve months, including many new initiatives underway, that you have approved. It is our job to implement, and with the enthusiasm I have seen to date from administrators, and teachers who I have seen to this point, I am confident we will be prepared to succeed when students return on Thursday, August 22, 2013.

Just consider the initiatives that are near completion, or that are underway right now:

- All of the planning, communicating and aligning we have done to prepare for the K-5 Transition will be put into practice on Thursday, when students return. As I heard Mrs. Saxton say this morning about Maple Leaf ... she is proud to call Maple Leaf, an Elementary School. We will be ready at all three buildings!
- All-day kindergarten will be implemented this year, which is a huge academic step forward for our district. I am confident that this alone, will help better prepare our youngest students for success in the future.
- The late arrival schedule will be executed, and we have planned and communicated this to all of the stake holders. We have told the community that our intent is to give additional time and resources to our teachers, to ensure that they become "Great Teachers." Because Great Teachers, leads to Great Students.
- Major building renovations have taken place to make the academic environment at the schools as aesthetic and welcoming as possible. Windows have been upgraded. New computers at some of the schools have been installed. New signs have been placed for easier communications. New landscaping has beautified our campus. Overall, our schools "look great!"
- At William Foster alone, the "old part of the building" has been married to "the new part." Boilers, ceilings, floors, carpeting, air conditioning among other things have become investments, in our students' future.
- New academic resources are being added throughout the district. You already know these resources from a personnel standpoint. Our students will have more guidance counselors, aides, security resources and in some case, even teachers, than in years past.
- The excitement continues to build for the start of this school year. Today, Marymount Hospital delivered more than 60 book bags filled with school supplies for our first graders at Elmwood. They have become our latest Bulldog Business Partner. We are grateful to them, and thank them very much. In addition, Royal Landscaping installed new beds and soil for planting at the Maple Leaf courtyard, and they too have become Bulldog Business Partners. That makes seven total businesses... who are recognizing how special this place really is... We thank all of our partners. To close, just this morning, I met with new teachers who are joining the district. I shared with them the proud tradition our school district maintains... and how they are now joining the ranks of a passionate teaching staff and district. I see the excitement in the eyes of a new crop of personnel who will now get to experience "BULLDOG PRIDE..." If you haven't seen the billboards on Warner Road and Garfield Heights Boulevard, drive by and see them. There's no question... **THAT THE BULLDOGS ARE BACK!**

REMARKS FROM THE PUBLIC REGARDING MISCELLANEOUS SCHOOL ITEMS

Mr. Jerome Zale addressed the Board on numerous topics. He indicated that this was his first time attending a board meeting.

His first question dealt with the issues that took place at Cuyahoga Hts. Schools and computer purchases. He wanted to know if that could happen here. Mr. Sluka addressed his concern and stated that the district had controls in place to prevent that.

His next question dealt with investments and why the district had a significant balance in an account that was getting such a low rate of return. Again, Mr. Sluka addressed his concern and stated that the district needed to maintain liquidity during construction process and also to meet ongoing payroll demands. He was not satisfied with that answer and suggested that the district hire someone with a financial background and college degree to manage the investments.

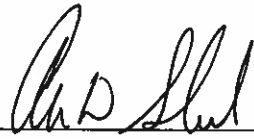

Lastly, he inquired why the district is not looking into using solar and wind power to save money because its free to install. Once again, Mr. Sluka stated that the district did look into both and that there was not a company willing to invest and install these in the district. Mr. Zale stated that he read in the paper and on-line that there are

grants available to pay for the installation costs. Mr. Sluka stated that he was not aware of any of these grants and asked Mr. Zale to send him the information he was referring too.
