## How do I get into my Google Classrooms?

When logging into any of your school accounts, it is easiest to use ClassLink. Once you sign in with Google, your account will be linked and automatically access all of your passwords.

Once logged into ClassLink, locate the Google Classroom icon.

If you have never logged into a Google Classroom, your dashboard will look pretty empty. If you have your teacher's class code, click the + to join.

Type in the class code provided. Click join.
