

## IDEAS FOR FLASHCARDS

Please work with your child using the following ideas (along with others you come up with) 😊

### NUMBERS

- Identify the numbers
- Sequence from 1-10, then 1-20, then 1-30, and so on
- Count objects to match
- Match number of fingers to number cards
- Play I'm thinking of a number....
  - That is the number of eyes I have
  - That is the number with a 1 and an 8 in it
  - That means the same as the word dozen
  - That is the number of people who are in our family
  - That has 2 digits
  - That tells how old you are
- Put numbers in sequence backwards from 20-1
- Play the missing number game. Put 2 numbers on the table. Have your child identify which number is missing. Change which number is missing (first, middle, last)

### LETTERS

- Identify the letters
- Name the letter sounds
- Sequence in ABC order
- Name a word that begins with each letter
- Match the uppercase and lowercase letters
- Play concentration (or memory)
- Build words (3 letters to begin with ex. cat, dig, mop)
- Say a word and see if your child can tell the letter it begins with
- Print the letters
- Match the letters to different objects in your house
- Draw a picture that begins with each letter

- Find pictures in magazines that begin with different letters
- Circle letters in newspapers, magazines, or in junk mail
- Mix upper and lowercase letters and see how many can be named in one minute
